

Second French-Argentine Workshop on Pancreatic Cancer Research

Date: November 21st and 22nd from 08:30 AM.

Venue: Centro Cultural de la Ciencia (Godoy Cruz 2270), Ciudad Autónoma de Buenos Aires
Argentina

DRAFT AGENDA

The event will be held in English, French and Spanish

DAY 1 November 21st. Thursday	
Time	Agenda
08:30 hs.	Registration
09:00 hs.	Opening ceremony Dr. Claudia Capurro, Vice-president of Scientific Affairs of CONICET, Argentina. Frédéric Depetris, Counselor for Cooperation and Cultural Action, French Embassy in Argentina. Dr. Ariel Saez de Guinoa, Patient's Network Manager, El Cruce High Complexity Hospital, Argentina.
09:15 hs.	Presentation of the French-Argentine Pancreatic Cancer Research Center Dr. Juan L. Iovanna Research Director of Exceptional Class at INSERM, Centre de Recherche en Cancérologie de Marseille (CRCM). Director of the Franco-Argentine Program for the Study of Pancreatic Cancer. (15 minutes)
09:30 hs.	Session: Basic Science 1 <i>New insights into the epigenetics of pancreatic cancer</i> Dr. Martin Fernandez Zapico Professor Oncology, Mayo Clinic, Rochester, United States.

	<p>(20 minutes)</p> <p><i>Dietary fatty acids on the regulation of pancreatic carcinogenesis</i> Dr. Maria Eugenia Pasqualini Principal Professor, Chair of Cell Biology Institute, School of Medicine, University of Cordoba, Argentina. (15 minutes)</p> <p>Moderated by Daniel Grasso <i>Questions from the audience</i> (10 minutes)</p>
10:15 hs.	Coffee break
10:35 hs.	<p>Session: Translational Research</p> <p><i>Dissecting intratumoral heterogeneity by single cell analysis to personalize pancreatic cancer treatments</i> Dr. Nelson Dusetti Research Director, Centre de Recherche en Cancérologie de Marseille (CRCM), Marseille, France. (20 minutes)</p> <p><i>Immune characteristics in pancreatic cancer and their impact on clinical outcomes</i> Dr. Eduardo Chuluyan Principal Researcher CONICET, Center for Pharmacological and Botanical Studies (CEFYO-UBA-CONICET), Buenos Aires, Argentina. (20 minutes)</p> <p><i>New insights in PDAC drug development: MRP4 as a case study</i> Dr. Agustín Yaneff Adjunct Researcher CONICET, Pharmacological Research Institute (ININFA-UBA-CONICET), Buenos Aires, Argentina (20 minutes)</p> <p><i>KRAS inhibitors</i> Dr. Martín Monte Associate Professor, Institute of Biological Chemistry of the Faculty of Exact and Natural Sciences (IQUIBICEN), University of Buenos Aires, Argentina. (20 minutes)</p> <p>Moderated by Betina Gonzalez</p>

	<p><i>Questions from the audience</i> (10 minutes)</p>
12:05 hs.	<p>Lunch</p>
13:00 hs.	<p>Session: Chemotherapy</p> <p><i>Advances in understanding metastatic pancreatic cancer: how can we apply these insights in patient care</i> Dr. Marcela Carballido Oncologist, Hospital Udaondo, Buenos Aires, Argentina. (15 minutes)</p> <p><i>Resectable and borderline pancreatic tumors. Neoadjuvant vs adjuvant treatment. Which is the best option?</i> Dr. Lisandro Vimo Oncologist, El Cruce High Complexity Hospital, Argentina. (15 minutes)</p> <p>Moderated by Marcela Carballido <i>Questions from the audience</i> (10 minutes)</p>
13:40 hs.	<p>Session: Basic Science 2</p> <p><i>Stroma & chemoresistance in pancreatic cancer</i> Dra Corinne Bousquet Team leader, Centre de recherches en cancérologie de Toulouse (CRCT), Toulouse, France. (20 minutes)</p> <p><i>Multidrug transporter MRP4/ABCC4 as a key determinant of pancreas cancer aggressiveness</i> Dr. Carlos Davio Principal Researcher CONICET, Pharmacological Research Institute (ININFA-UBA-CONICET), Buenos Aires, Argentina. (15 minutes)</p> <p><i>Drug repurposing as a tool for the development of coadjuvant and chemoimmunopotentiating therapies in PDAC</i> Dr. Juan Garona</p>

	<p>Adjunct Researcher CONICET, Unit Director at Center for Translational Medicine (CEMET), El Cruce High Complexity Hospital, Buenos Aires, Argentina. (15 minutes)</p> <p>Moderated by Maria Noé Garcia <i>Questions from the audience</i> (10 minutes)</p>
14:40 hs.	Coffee break
15:00 hs.	<p>Round Table</p> <p><i>Introduction: "Working alongside those who want to fight pancreatic cancer."</i> Jean Baptiste Jaussaud President of Predicting Med (15 minutes)</p> <p><i>PDAC in Argentina today: what can be done and what cannot?</i> Jean Baptiste Jaussaud (President of Predicting Med), Gustavo Kohan (Surgeon, Hospital Bernardino Rivadavia, Buenos Aires), Marcela Carballido (Oncologist, Hospital Udaondo, Buenos Aires), Daniel Grasso (Adjunct Researcher CONICET, Pharmacy and Biochemistry Faculty, University of Buenos Aires), Eduardo Chuluyan (Principal Researcher CONICET, Center for Pharmacological and Botanical Studies, Buenos Aires), Martin Fernandez Zapico (Professor Oncology, Mayo Clinic, Rochester, US), Carlos Davio (Principal Researcher CONICET, Pharmacological Research Institute, Buenos Aires), Ventura Simonovich (Director of the Clinical Research Platform, Hospital Italiano, Buenos Aires).</p> <p>Moderated by Juan Iovanna</p>

DAY 2 November 22th. Friday	
Time	Agenda
08:30 hs.	Registration
09:00 hs.	Session: Endoscopy

	<p><i>Role of endoscopic ultrasound in the diagnosis, staging, and biopsy of pancreatic cancer</i> Dr. Jose Mella Gastroenterologist Hospital Aleman, Buenos Aires, Argentina. (20 minutes)</p> <p><i>Role of endoscopic ultrasound in the palliative treatment of pancreatic cancer and the status of endoscopic ultrasound in Argentina</i> Dr. Hui Jer Hwang Gastroenterologist, El Cruce High Complexity Hospital, Argentina. (20 minutes)</p> <p>Moderated by Analía Pasqua <i>Questions from the audience</i> (10 minutes)</p>
09:50 hs.	<p>Session: Diagnosis and prognosis</p> <p><i>PDAC from classical to modern diagnosis (Part I)</i> Dr. Andrea Paes de Lima Head of the Department of Pathology, Hospital de Clínicas, Buenos Aires, Argentina. (15 minutes)</p> <p><i>PDAC from modern diagnostics to artificial intelligence (Part II)</i> Dr. Gustavo Suarez Chief of Pathological Anatomy, El Cruce High Complexity Hospital, Argentina. (15 minutes)</p> <p>Moderated by Gustavo Suarez <i>Questions from the audience</i> (10 minutes)</p>
10:30 hs.	Coffee break
10:50 hs.	<p>Session: Surgery</p> <p><i>Upfront or Neoadjuvant Surgery in Adenocarcinoma</i> Dr. Gustavo Kohan Surgeon, Hospital Bernardino Rivadavia, Buenos Aires, Argentina. (15 minutes)</p>

	<p><i>The training of a pancreatic surgeon</i> Dr. Paul Lada Head of Service, University of Cordoba, Argentina. (15 minutes)</p> <p><i>State of the art in pancreatectomy</i> Dr. Lisandro Alle Head of the pancreas section, Hospital de Clínicas, Buenos Aires, Argentina. (15 minutes)</p> <p>Moderated by Gustavo Kohan <i>Questions from the audience</i> (10 minutes)</p>
11:45 hs.	<p>Session: PDAC and Clinical Trials</p> <p><i>Current and future clinical trials</i> Dr. Brice Chanez Oncologist, Institut Paoli-Calmettes (IPC), Marseille, France. (25 minutes)</p> <p><i>Introduction to Clinical Trials in 10 Questions</i> Dr. Maria Cecilia Mallmann Quality Manager, Centre d'Investigation Clinique (CIC), Marseille, France. (15 minutes)</p> <p><i>Future of early-phase clinical trials in Argentina</i> Dr. Ventura Simonovich Director of the Clinical Research Platform, Hospital Italiano, Buenos Aires, Argentina. (15 minutes)</p> <p><i>How do I see the future of pancreatic cancer, and what solution do I propose?</i> Dr. Alberto Ferreres Professor of Surgery, Department of General Surgery, Hospital de Clínicas, Buenos Aires, Argentina. (15 minutes)</p> <p>Moderated by Alberto Ferreres <i>Questions from the audience</i> (10 minutes)</p>
13:05 hs.	<p>Closing remarks</p>

CONICET

CRCM

Centre de Recherche
en Cancérologie de Marseille

	<p>Dr. Juan L. Iovanna, Research Director of Exceptional Class at INSERM, Centre de Recherche en Cancérologie de Marseille (CRCM). Director of the Franco-Argentine Program for the Study of Pancreatic Cancer.</p> <p>Dr. Claudia Capurro, Vice-president of Scientific Affairs of CONICET, Argentina.</p>
13:15 hs.	Free Lunch

14:15 hs.	<p>Roundtable: meeting with Argentine and French authorities to establish the role of each institution in the creation of the Center</p> <p><i>Closed session by invitation only.</i></p> <p>Room 901 and 902, CONICETs HQ, Godoy Cruz 2290, 9th floor.</p>
