Abstract:

- **Title:** must be in UPPER CASE and limited to 25 words.
- **Text:** limited to 350 words.
- **Area:** select the abstract topic per the list of topics. Although the Committee will work hard to honor this selection, this cannot be guaranteed. The Committee reserves the right to change the area or subarea under which the abstract was originally submitted.
- **Prize:** consider whether you want to apply for the best three poster congress prizes. Select YES (those who accept to participate for the prize will undergo an initial selection process during the poster session. The pre-selected posters will have to give a 5 minute oral presentation to the congress audience for final decision) or NO.
- **Abstracts should clearly state:** Background and aims, Methods, Results, Conclusions

*Use only standard abbreviations. Place special or unusual abbreviations in parentheses after the full word the first time it appears. Use generic names of drugs. The presentation must be balanced and contain no commercial promotional content. Submissions may not contain patient names, hospital ID numbers or other identifying information.

Abstract submitters' declaration

During abstract submission you will be asked to confirm that you agree to the following:

"I confirm that I previewed this abstract, and that all information is correct. I accept that the content of this abstract cannot be modified or corrected after final submission, and I am aware that it will be published as submitted."

Submission of the abstract constitutes the **consent of all authors to publication** (e.g. Congress website, programs, other promotions, etc.)

The contact details saved in this system must be those of the presenting author, who will be notified about the status of the abstract. The presenting author is responsible for informing the other authors about the status of the abstract.
